

HAWAII, HONOLULU 96822. The University of Hawaii at Manoa, Department of Geography (<http://www.geography.hawaii.edu>) invites applications for a full-time, 9-month, tenure-track position for an Assistant Professor in Global Environmental Change Science, to start 1 August 2008. Potential areas of research expertise include a focus on climate variability, water resource availability, marine and coastal systems, biogeochemistry, land-cover or other related topics. Expertise in a range of methodological approaches will be welcome. **Duties:** To teach undergraduate and graduate courses; advise undergraduate and graduate students; conduct an active research program; publish research results; seek extramural funding; and engage in departmental governance and activities. **Minimum Qualifications:** A PhD in Geography or an allied field must be held by the start of the appointment. A record of scholarly achievement as evidenced by publications and research. **Desirable Qualifications:** Demonstrated teaching ability and academic interests which complement the department's strengths. To apply, send letter of application outlining teaching interests and research agenda, curriculum vitae, names and addresses of at least three academic referees, and evidence of teaching effectiveness. Candidates should state clearly how they would expect to fit within the department and link to other programs of the College of Social Sciences and the University. Review of applications will begin on 21 January 2008. Salary range will be commensurate with qualifications and expertise. Applications should be sent to Professor Brian Szuster, Chair of Search Committee, Department of Geography, 2424 Maile Way, 445 Saunders Hall, Honolulu, HI 96822-2223. E-mail: Szuster@Hawaii.edu. The University of Hawaii is an Equal Opportunity / Affirmative Action Employer. **Position number: 83405.**
